7. Consideration of amendment to the Constitution

The Director outlined the proposal which was as a result of falling numbers of voting members. The number was now under 300 and dropping, the majority of which were over 60 meant that the charity was at risk from not being about to reach a quorum at any general meeting. The Director had spoken to other charities who had experienced similar issues with members attending general meetings and based the proposal on those findings. A number of questions were raised and discussed.

Motion: That paragraph 11.5 subparagraphs a-f, regarding the quorum required to physically attend the AGM, be deleted in their entirety and replaced by

11.5 The quorum for the general meetings shall be those in attendance. An organisation represented by a person present at the meeting in accordance with sub-clause 11.7 of this clause is counted as being present in person.

Proposed by David Wada and seconded by Howard Sanders
